

**Step by Step Instruction.**

Please use lowercase characters for all figure and document filenames. Please submit all the files in two or several Emails (if figures provided). Please submit at least two Emails, one with the attachments and the other without the attachment. In this Email indicate that the files are sent so that in case that the Email with attachments is not received, you can be notified.

**Submit all required files as shown below by Email to [fbs@bioscience.org](mailto:fbs@bioscience.org)**

**1. Galley.** Read, revise and submit the galley (**do not change the filename**)

**Note: Please make all text corrections in the first galley. Following the submission of the first galley, text changes will not be possible without reprocessing the galley.**

**2. Figures.** Figures should be labeled as **fig1.jpg**, **fig2.jpg** etc. Do not use any other style for naming such as **fig 1** or **Fig1** or **Fig 1** etc.

**3. DOI linked references.** Prepare, and submit DOI linked refererencs with live links (do not paste data as text) as **doi.doc**

**4. Publication forms.** Fill out and submit required forms as **forms.doc**: Two forms are required for publication. Submission-Copyright form and Order form.

**3.1. Submission-Copyright form:** Provide pertinent information into the Submission-Copyright and order forms. Fill out these forms by typing pertinent information into the text boxes. If invited, enter the name of the managing editor if not included.

**3.2. Order form:** Mark either the Basic or one of the Professional packages as applicable. If reprints or other optional items are not needed, leave these options blank. If basic package is selected, enter "0" into the form. If professional package without or with an optional item is selected, then fill out the payment information by PO or by Credit Card. Order form can be submitted to accounts payable directly by changing the Word "Order Form" to "Invoice"

**Temporary Manuscript #** «Temporary\_MsNo»  
**Title of the manuscript** «Title»  
**First Author** «First\_Author»  
**Corresponding author** «Corresponding\_Author»  
**Name of Managing Editor (if applicable)** «Managing\_Editor»

This form insures the originality of the manuscript and assigns the copyright of the document to Frontiers in Bioscience. The content of the "Frontiers in Bioscience" including the manuscripts is copyrighted in order to protect the journal and the authors from an improper use, alteration or sale of the information by other individuals. Any accepted manuscript will be published only after the copyright assignment form has been received by the editorial office of "Frontiers in Bioscience." Frontiers in Bioscience grants permission to all authors, readers and third parties of educational nature to reproduce and use published material and online resources as part of another educational material. The corresponding author behalf of all authors, in consideration of the acceptance of the above work for publication, does hereby assign and transfer to The "Frontiers in Bioscience" all the rights and interests in and to the copyright of the above titled work in its current form and in any form subsequently revised for publication. All authors

- verify that the work is original
- verify that the manuscript has not been previously published
- the manuscript has not been and will not be submitted to any other journal.
- verify that the manuscript or any of its part has not been previously published.
- verify that the manuscript or any of its part will not be published in any other journal if accepted for publication in "Frontiers in Bioscience"
- verify that the consents of the persons who have been acknowledged were obtained.
- verify that the clinical investigations have been performed in accordance with the guidelines proposed in the Declaration of Helsinki and that the appropriate approval for the conduct of the experiments has been obtained from internal review board of their university or organization.
- verify that the animal experiments were conducted in accord with the highest standards of humane animal care and that the appropriate approval for the conduct of the experiments has been obtained from appropriate university committee.
- verify that the IRB and DLAR committees of the institution have approved the human and animal experiments
- verify that the consent and approval of the publishers for the use of any previously published material or images has been obtained.
- verify that they will not take any action that harms the Frontiers in Bioscience
- verify that they will not keep Frontiers in Bioscience liable for any damages, including but not limited to any lost profits, lost savings or other incidental or consequential damages, arising out of: (1) the use or inability to use the published materials or any interruptions in their use; (2) any inaccuracy in the published materials; or (3) the unavailability at any time or times of customer support, or failing to provide the authors with any material other than those requested or provided in publication form.
- accept the responsibility of the integrity of the presented work.
- have read, edited and agree with the contents of the manuscript.
- approve the content of the first galley for publication in Frontiers in Bioscience. Authors have read the entire content and have made all necessary text changes including title, names of authors, affiliations and abstract which will appear in PubMed and other indexing services.
- all text changes required to finalize the publication have been implemented in the first galley.
- agree that following submission of the first galley, no more text changes will be required.

Mark at least one selection for one edition on this page. Select by double clicking the appropriate box and mark as "Checked" or copy and paste "☑". For further details see description of packages form on page 5 and single item form on page 6 and also See Footnotes below. Once selected, please provide information for payment by PO or credit card on the next page for any package other than basic package.

### All articles; Landmark, Scholar and Elite Editions

Publication Fee	There is no publication fee for reviews, invited articles as well as those that are submitted by managing editors of special issues. Basic publication fees for articles that are submitted by authors or the managing editors for a one day evaluation of their impact and/or journal assignment will be waived as well if the editorial office finds the article to be of high impact. This review process takes only one day. Also, the publication fee is waived for scientists who do not have an active grant. The publication fee is applicable only to articles that are submitted to the editorial office without prior impact determination, or require special handling such as fasttrack publication, reprints, subscription, etc. All authors receive a galley for correction of text and formatting errors before the manuscript is published. Article might be selected by the editor for inclusion in Landmark upon review.	\$0	<input checked="" type="checkbox"/>
-----------------	---	-----	-------------------------------------

### Special Processing (SPR)

SPR 1	Professional galley production	\$495	<input type="checkbox"/>
SPR 2	Next Publication Date	\$250	<input type="checkbox"/>
SPR 3	High resolution licensed PDF	\$695	<input type="checkbox"/>
SPR 4	Image processing (cropping, sizing, revising) per figure of all images that are not provided per FBS style	\$45	<input type="checkbox"/>

### Special Packages (SP)

SP 1	Individual Subscription	\$45	<input type="checkbox"/>
------	-------------------------	------	--------------------------

### FastTrack (FT) Publication (<http://www.frontbiosci.org/Archives/Special-Access/FastTracks>)

Article is published in FBS only until the article is entered into PubMed			
FT 1	One month after from finalizing submission (1 M)	\$695	<input type="checkbox"/>
FT 2	Two weeks after from finalizing submission (2 W)	\$995	<input type="checkbox"/>
FT 3	One week after from finalizing submission (1 W)	\$1595	<input type="checkbox"/>
FT 4	One day after from finalizing submission (1 D)	\$1995	<input type="checkbox"/>

### Express Open Access (EOA) Publication (<https://www.bioscience.org/express-open-access>)

This author driven open access is optional. Article is published in FBS and is open access until the article is entered into PubMed			
EOA 1	One month after from finalizing submission (1 M)	\$695	<input type="checkbox"/>
EOA 2	One week after from finalizing submission (1 W)	\$1595	<input type="checkbox"/>

### Author Driven Open Access (OA) Publication (<https://www.bioscience.org/express-open-access>)

This author driven open access is optional. Article is published in FBS and is open access when entered into PubMed			
OA 1	One month after from finalizing submission (1 M)	\$1995	<input type="checkbox"/>

### Editing fee (EF)

Single item	Basic editing fee is \$250/500 words..Editorial fee does not include acknowledgement, figure legends, tables or references		<input type="checkbox"/>
